Bold Events

prior to the implementation day. The atmosphere of the meeting was good and both sides showed will and interest for the development of the operations required for the deal implementation.

- Zarif, Lavrov Emphasize on Resolving the Crisis in Syria.
- Iran, Oman Oil Contract to Be Signed : One of Oman's senior oil officials announced that Iran, Oman are set to further their oil cooperation.

- MasterCard to Cooperate with Iran:As Iran's nuclear deal is improving and moving closer to the implementation processes, MasterCard has launched its Telegram channel in Persian, indicating its services and the method to deliver the credit cards.
- Nematzadeh Emphasizes on Increasing Iran's Exportation: he said that the country's exportation volume should be tripled in the next 10 years.Iran has 0.34% of the global exportation, as the non-oil exportations is expected to reach \$200 billion, about 1% of global share.
- Iran-India, for boosting of bilateral economic relations between the two countries, Sign \$3 Billion Agreement at the development of Farzad B Gas Field.
- Iran Developing its Oil International Ties:Sajedi in a press conference referred to Iran's new policies in the construction and purchase of refineries, adding: "Negotiations have been started with Brazil, South Africa, Malaysia, Indonesia and India to purchase the share of some oil refineries."
- Mohammad Reza Nematzadeh announced that Iran is going to have cooperation with auto-manufacturing companies of France, Germany and Sweden.
- Abbas Sheri-Moghaddam, Deputy Petroleum Minister of Iran, announced that Iran is going to increase its petrochemical production to 50% after lifting of the sanctions due to the fact that exportation costs will be reduced to 10%.
- Roknodin Javadi, Iranian Deputy Oil Minister, announced that Iran and France are going to sign the final agreement on launching the first Floating Liquefied Natural Gas (FLNG) unit in the Persian Gulf in order to change the gas obtained from the joint oil field with Saudi Arabia to LNG to be sold in the global markets.

Global oil prices fell sharply reaching its lowest level since 2008 as the International Energy Agency (IEA) cautioned against even worse downturns until late 2016.

The main stock indexes of the world have been pressured this week, while OPEC has not decided not lower its oil output during the latest meeting. On the New York Mercantile Exchange, Crude for October delivery of West Texas Intermediate (WTI) fell 0.81% to \$35.95, and October Brent crude oil on London's ICE Futures exchange fell 3.37% to \$38.39
